

FAIR WARNING RELEASE "PIMP YOUR PAST"!

If anybody really needed additional proof that all of their songs are timeless, classic

and independent of trends and fashions, then **Fair Warning** provide that proof

incontestably on ***Pimp Your Past***. The current album by the band from Northern

Germany features 2016 versions of the most important tracks from their first three

studio albums ***Fair Warning***, ***Rainmaker*** and ***Go!***, originally released between

1992 and 1997. Every single note sees **Fair Warning** underline the motto which

they have chosen for themselves: a good song will always remain a good song

(at this point we will save ourselves a decisive "full stop" as an expression of

absolute conviction). At the same time, it's an integral part of the ***Pimp Your Past***

concept that the arrangements of some of the new versions differ significantly

from the originals. As bassist **Ule Ritgen** puts it so aptly: "*When our Japanese*

record company approached us with the request for this kind of album, we were

skeptical to start with. But once we had made up our minds to not simply rerecord

the material but furnish it with a few fresh arrangements, the project gained

momentum and we were gripped by a kind of eagerness to explore the

possibilities. Especially since the new recordings are very energetic and

sound excitingly different in parts while their essence has remained the same.

You can tell that the originals have a lot of substance and that their quality is

extremely robust.”
